Description

Our Pure Pleasure Aromatherapy Kit contains 5 x 10ml Essential Oils and 1 x 10ml Vegetable Oil (to blend with the oils for application). Attractively displayed in a beautiful alder wood box, to keep your oils safe from dust and light. A perfect kit for those interested in aromatherapy. These oils can also be used to scent a room by placing a few drops onto a Fragrancer. Try blending oils together with a Carrier Oil, (always mix 1% essential oil to carrier oil) to make a wonderful massage oil. Or put a few drops into a pre-run bath.
